Mr. Jack Whitten  
Licensing NRC  
611 Ryan Plaza Drive, Suite 1000  
Arlington, TX 76011

Dear Sir:

We have a Gas Chromatograph with a NI-63 electron capture detector. We have had the equipment in storage and we would like to become exempt from leak testing. If we bring the equipment out of storage or the equipment is transferred, a leak test will be performed.

Our license number is 03-17950-01.

Sincerely,

*Dewey L. Tackett*
