Dear Mr. Lamastra,

With reference to our telephone conversation today, I am enclosing an application to the Nuclear Regulatory Commission for a radioisotope license for the University of Alaska, Anchorage. Dr. Holleman at the University of Alaska, Fairbanks, has recommended that the University of Alaska, Anchorage, apply for its own license due to the great distance separating the two campuses.

If you need any additional information, please do not hesitate to let me know.

Yours sincerely,

Kristine Mann
