IN RESPONSE REFER
TO FOIA-85-285

Dear Ms. Lodge:

This is in further response to your letter dated April 10, 1985, in which you requested, pursuant to the Freedom of Information Act (FOIA), access to records concerning the possible health effects on the local residents of the March 28, 1979, accident at Three Mile Island (TMI). You indicated your interest in data and studies on the changes in disease rates and other health-related problems among this population for a period of years before the accident and the six years since that event.

The NRC staff has completed the search for and review of the remaining documents subject to your request, and they are being placed in the (PDR) in folder FOIA-85-285 under your name. These additional records are listed on the enclosed Appendix A (continued).

We are enclosing a copy of a revised notice that provides current charges and procedures for obtaining copies of records from the PDR.

This completes action on your request.

Sincerely,

A handwritten signature in cursive script, appearing to read "John Philip for", is written over the typed name.
