Dear Mr. Whitten:

Pursuant to your telephone conversation earlier today with Don Majerus, I am writing to request the amendment of our NRC Materials License to include Dr. Colvin H. Agnew, Dr. Wiley R. Bland, Dr. John A. Anderson, and Dr. E. Stewart Taylor. Enclosed please a copy of the Materials License for St. Vincent Hospital on which each of these doctors is listed as licensed users.

This change has become necessary because Dr. Michael J. Fenelon, our current radiologist, will be relocating rather abruptly. As a result, we have had to obtain interim coverage from the group of radiologists listed above. In order for us to continue providing nuclear medicine services, which is absolutely essential to the operation of this Hospital, it has become necessary to amend our license to include these radiologists. Dr. Colvin Agnew will serve as our Radiation Safety Officer, and Dr. Rodney Wimmer, Ph.D. will continue to be our consultant Radiation Physicist. This is truly an emergency situation for us, and we hope that you will find this amendment acceptable.

Enclosed please find a check in the amount of \$120 for our amendment fee.

Thank you again for your assistance and cooperation. We would appreciate telephone confirmation of your decision at your earliest convenience.

Sincerely,

CENTRAL MONTANA HOSPITAL/NURSING HOME
