Washington 25, D. C.

Attention: Mr. W. Cool

Gentlemen:

Nuclear Corporation of America in disposing of its Isotopes Specialties Company Division has divested itself of its interest in the Isotopes Specialties operation, including the waste disposal portion of that operation. It considers that waste disposal has been transferred along with Isotopes Specialties other operations to U. S. Nuclear Corporation.

Any help in expediting necessary license changes to this end will be greatly appreciated.

Very truly yours,

NUCLEAR CORPORATION OF AMERICA

K W Newman
