Gentlemen:

Please find enclosed an amendment to your NRC Material License.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the Region I Material Licensing Section, (215) 337-5239, so that we can provide appropriate corrections and answers.

Please be advised that you must conduct your program involving licensed radioactive materials in accordance with the conditions of your NRC license, representations made in your license application, and NRC regulations. In particular, please note the items in the enclosed, "Requirements for Materials Licensees."

Since serious consequences to employees and the public can result from failure to comply with NRC requirements, the NRC expects licensees to pay meticulous attention to detail and to achieve the high standard of compliance which the NRC expects of its licensees.

You will be periodically inspected by NRC. A fee may be charged for inspections in accordance with 10 CFR Part 170. Failure to conduct your program safely and in accordance with NRC regulations, license conditions, and representations made in your license application and supplemental correspondence with NRC will result in prompt and vigorous enforcement action against you. This could include issuance of a notice of violation, or in case of serious violations, an imposition of a civil penalty or an order suspending, modifying or revoking your license as specified in the General Policy and Procedures for NRC Enforcement Actions, 10 CFR Part 2, Appendix C.

Dear Mr. Glenn:

This note is a followup to my conversation with Sharon Johnson on July 12, 1985. As I indicated, Corning Medical is scheduled to be named Ciba Corning Diagnostic Corp. on July, 15, 1985. This is a result of Corning Glass Works (the current owner/operator) and Ciba Geigy Limited agreeing in principle to the establishing of the new corporation, a separate legal entity. Despite this transaction there will be no immediate change in the business operations, including personnel and the facility location will remain the same.

Please make the changes to operating licenses to reflect the new corporation.

Enclosed is a check of \$300.00 to cover the cost of the three amendment requests.

Should you have any questions please contact me.

Sincerely,

*William J. Pignato*
