Washington, D. C. 20555

Ref: Source Material License STB-1097
Docket or Reference No. 040-08088
Consolidated Aluminum Corporation

Dear Mr. Wright:

The Madison Plant of Consolidated Aluminum Corporation located at College and Weaver Streets, Madison, Illinois, was issued License No. STB-1097 in August 1982. The License was issued in accordance with Consolidated's Application for Source Material License dated April 20, 1982. Due to changes in the employment status of personnel at the Madison facility, it has become necessary to amend the information provided in Item 10 of the Application.

Please find attached a revised list of supervisory personnel responsible for the technical and safety aspects of Consolidated's Source Material License. The newly listed individuals should replace in total the persons whose names were supplied in Item 10 of the April 20, 1982 Application.

If additional information is required in regard to this requested amendment, please advise.

Sincerely,

CONSOLIDATED ALUMINUM CORPORATION

J. T. Conroy
Plant Manager
