Dear sirs:

I would like to amend License Number 08-00126-23. The Best Industries Gammaradiator 100 containing 2100 Curies of Cs-137 (10/9/81: Oak Ridge National Laboratory Model SK-480-C, Type 8 Teletherapy Source) will be transferred to the University of California at San Francisco. It will be replaced by another irradiator; the specific type has not yet been determined. When the exact date of transfer has been decided the O.R.N.L. Cs-137 source and the Gammaradiator 100 should be deleted from our license. Specifications for the new source and irradiator will be submitted at that time. We are enclosing a check for \$120.00 as payment of the license amendment fee.

Very truly yours,

Mark Selikson
