Mr. Thomas Thompson
U.S. Nuclear Regulatory Commission
Region 1
631 Park Avenue
King of Prussia, PA 19406

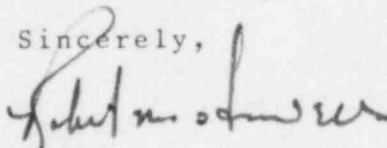

Dear Mr. Thompson:

Per our telephone conversation of today's date and your request, the following information relative to percentages of Jackson Laboratory Personnel activities devoted to Radiation Safety is submitted.

Fred Driscoll will be devoting approximately 80% of his efforts to our Radiation Safety Program for the next 6-9 months. This should drop off to a more moderate amount after changes associated with our license renewal application are implemented and functioning.

Please advise if you need further information regarding the amendment request.

Sincerely,

Robert M. Howell, F.E./C.P.E.
Director Engineering,
Facilities and Maintenance

SUMMARY

of RSO for broad scope Lic. No. 18-02774-01.

Mr. Howell thought he covered both licenses in his amendment which came through the irradiation Lic. No. 18-17876-01.

Mr. Howell would like to continue to have Dr. Coleman as a temp RSO for Broad Scope & will have Dr. Harrison as RSO for Irradiator Lic. temporarily. Both RSO will be replaced by RSO who will begin May 20, 1985. Bob will send us a new amendment for the broad scope license.

irradiator license.

Dr. Beamer said he would fill RSO position temporarily for Irradiator until their new RSO (who is to arrive on board 5/20/85 from Tufts Univ.) arrives.

Dr. Beamer will send us a letter to this effect.
