St. Louis 7, Missouri

Attention: Mr. Stanley M. Inneson

Gentlemen:

Enclosed is Source Material License C-2734 authorizing your procurement from the Atomic Energy Commission of not more than five hundred (500) pounds of normal uranium trioxide for use in studies toward the preparation of uranium dioxide reactor fuel elements.

You should address a request, citing your license number, to the Manager, Oak Ridge Operations Office, Attention: H. M. Roth, Post Office Box E, Oak Ridge, Tennessee. That office will furnish you information as to how your purchase order should be prepared, the cost of the material, and how payment should be made.

Very truly yours,

Lyall Johnson  
Chief, Licensing Branch  
Division of Civilian Applications
