Submission of Info for New Permanent RSO (18-17876-01 and 18-02774-01)

SUMMARY

Mr. Fred Driscoll was questioning how to submit himself as the new RSO (permanent) for their broadscope license as well as the irradiator license. For the broadscope license (18-02774-01) they are submitting a complete new package naming Mr. Driscoll as the new permanent RSO. To be completed and submitted sometime around the week of May 27, 1985. Answer to 10/4/84 deficiency letter.

As for the irradiator license (18-17876-01) they are sending a letter informing us that Mr. Driscoll is the new permanent RSO. I informed Mr. Driscoll to send whatever certifications/qualifications he may have for the RSO position.

* Mr. Driscoll had a concern as to why Dr. Beamer was not qualified as to fill the RSO position. I told him you would call for that clarification.
