Mr. John A. McCone
Chairman
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Chairman McCone:

I have received a letter from a Dr. Kenneth W. Newman dated May 19 enclosing a copy of his letter to you of May 18. Dr. Newman is general manager of Isotopes Specialties Company, a division of Nuclear Corporation of America, and a copy of his letter to you is enclosed in order to help you locate the file.

Dr. Newman has requested an amendment which would require that all shipments be made by licensed waste disposal firms. Would you be so kind as to return the enclosed letter together with your comments so that I in turn can communicate with Dr. Newman and take such action as appears warranted in this matter.

Thank you for your attention in this regard.

Sincerely,

H. ALLEN SMITH, M.C.
