Gentlemen:

Please cancel License No. 12-11730-01 with an expiration date of November 30, 1988.

The Cobalt-60 Sealed Source was disposed of according to directions of your office and through Atomic Energy of Canada Limited. The disposition was completed about mid year, 1984.

I have been unable to locate any correspondence in my file for cancelling the license and trust that performing the task at this time is in order.

Thank you for your assistance in this endeavor.

Very truly yours,

Cary Moore
