Mr. Wayne Shafer
Emergency Preparedness Section
United States Nuclear Regulatory Commission
Region III
799 Roosevelt Road
Glen Ellyn, Illinois 60137

Dear Mr. Shafer:

As requested in a telephone conversation on September 23, 1985, between Mr. Thomas Ploski and Mrs. Jennifer Scott-Wasilk, this letter is to provide a status update on the Emergency Plan Training of the Shift Technical Advisors (STA's) at the Toledo Edison Company Davis-Besse Nuclear Power Station, Unit No. 1.

Presently, the STA staff is receiving the same training as the Emergency Duty Officers (EDO's). However, we no longer intend to have them automatically assume the Interim EDO function from the Shift Supervisor.

The STA's will receive the EDO training primarily for the purpose of assisting the Shift Supervisor in fulfilling his Emergency Plan responsibilities.

The STA will assume the Interim EDO function only if neither the Shift Supervisor nor the Assistant Shift Supervisor is in the Control Room and capable of performing those functions.

Sincerely,

Joe Williams Jr.
