SUMMARY

I spoke with Matthews to confirm receipt of the final RAP by URFO and DWM. I asked him about the status of the final versions of the EA, PSOR, DSCR. I was told that the PSOR and DSCR would not be available to NRC until October 4 at the earliest. I requested that 3 copies be sent to DWM and at least 3 to URFO. I was informed that the April version of the EA was essentially the final, except that DOE responses to public comments were being formally documented. Matthews indicated that these would be ready this week and that copies would be transmitted to DWM and URFO at that time. I pointed out that these were documents which are necessary to our review of the RTR.
