RE: License No. 12-20231-01

Condition 19. is amended to read:

19. Except as specifically provided otherwise by this license, the licensee shall possess and use licensed material described in Items 6, 7, 8 and 9 of this license in accordance with statements, representations, and procedures contained in application dated October 14, 1981; letters dated March 1, 1982, May 18, 1983, August 25, 1983, and January 4, 1984; and letter received September 22, 1983. The Nuclear Regulatory Commission's regulations shall govern the licensee's statements in applications or letters, unless the statements are more restrictive than the regulations.

Your prompt response to the above amendments will be appreciated.

Yours very truly,
