Gentlemen:

Enclosed is Check 9783 which accompanied your letter dated June 13, 1985, for an amendment to Materials License 34-01954-01 to authorize the use of depleted uranium for shielding only.

Section 170.11(a)(8) of Part 170, copy enclosed, provides that no fees will be required for "A license authorizing the use of source material as shielding only in devices and containers, provided, however, that all other licensed byproduct material, source material, or special nuclear material in the device or container will be subject to the fees prescribed in §170.31." Your application is, therefore, exempt from fees.

Your application has been sent to the Licensing staff for processing.

Sincerely,
