Senior Executive Vice President  
Power Supply and Engineering  
and Construction  
P. O. Box 1551  
Raleigh, NC 27602

Gentlemen:

SUBJECT: DOCKET NOS. 50-325 AND 50-324 - BRUNSWICK STEAM ELECTRIC PLANT  
RADIOLOGICAL EMERGENCY PLAN REVIEW

We have completed our review of Revision 19 of the Brunswick Radiological Emergency Plan.

Our review indicated that your Brunswick Radiological Emergency Plan continues to meet the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR Part 50.

Please be reminded that 10 CFR 50.54(q) requires NRC approval of any changes to your Plan which may decrease the effectiveness of the Plan. However, if your safety review indicates no decrease in the level of emergency preparedness, then changes can be made without NRC approval. In all cases, you should furnish copies of each proposed change to the NRC in accordance with 10 CFR 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of 10 CFR Part 50, Appendix E, Section V.

Should you have any questions regarding this letter, please contact Mr. W. E. Cline of our staff at 404/221-2665.

Sincerely,

David M. Verrelli, Chief  
Reactor Projects Branch 1  
Division of Reactor Projects
