Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify us so that we can provide appropriate corrections and answers.

Requests for releases of facilities where licensed materials have been used should be submitted to NRC Region V for consideration. These requests are reviewed on a case-by-case basis. Areas should not be released for unrestricted use until Region V has concluded that the decontamination efforts meet the criteria in the July 1982 guidelines.
