EL MONTE BRANCH

REFERENCE: License No. 04-01100-01G

Gentlemen:

Our License No. 04-01100-01G expires on April 30, 1985.

We wish to renew the license and, at the same time, include under the license, as an alternate sealed source, polonium foil Model P-001 manufactured by Nuclear Radiation Developments Corporation, Grand Island, New York.

Please send us the necessary application form and advise regarding any special documentation that you will require for the renewal.

We believe that our license is in Category 3P of the fee schedule, for which the renewal fee is \$120.00. Is that the correct amount to remit with the application?
