To Senior Licensee Officials on the Attached List

SUBJECT: ANNUAL NRC PERFORMANCE INDICATORS REPORT

Enclosed for your information and use is the latest NRC Performance Indicator report, containing data through September 1996. This report, which is issued annually, provides information on the eight indicators prepared for use by NRC senior managers in monitoring trends in the overall performance of individual nuclear power plants. These indicators provide an additional view of operational performance to supplement that obtained through other NRC programs.

If I can be of any further assistance, you may contact me by telephone at (301) 415-7496 or by e-mail at sem1@nrc.gov.
