Dear Dr. Glenn:

Enclosed please find an amendment application which should be correlated with the amendment application from Metro Health Center, received by the Nuclear Regulatory Commission on August 22, 1985.

This amendment application, in part, requests that Jim Campbell, B.S., R.T.(N), be listed as the Radiation Safety Officer at this facility. Please note that Mr. Campbell has the administrative support to function in the Radiation Safety Officer capacity, as outlined in the model ALARA Program contained in Appendix O of Regulatory Guide 10.8 (Rev. 1), "Guide for the Preparation of Application for Medical Programs," October, 1980.

If you should have any questions regarding this amendment application, please do not hesitate to contact me.

Sincerely,
