RE: Materials License No. 50-19401-01
Ted Forsi and Associates, Inc., Anchorage, AK
Request to Renew and Amend License

Dear Sirs:

Attached is a request to renew the subject license. At this time we would also like to amend the license to reflect recent changes in our firm. These requested amendments are explained to follow:

- Item 3. Contact person no longer with firm.
- Item 4. Address recently changed.
- Item 5. Address recently changed.
- Item 6. Former supervisor no longer with firm.
- Item 7. Officer no longer with firm.
- Item 12. Gauge has been and is expected to be used very sparingly by firm. Equipment has been utilized perhaps an average of two weeks per year. Badge service agencies require servicing (and billing) monthly regardless of use. This results in an economic burden with little or no advantage. Previous badge testing indicated no or negligible radiation detection. We would like to discontinue this service.

If you have any question concerning our requests, please do not hesitate to contact our office.

Sincerely,

Ted Forsi and Associates, Inc.

Nils Lindholm
