Dear Don:

Subject: Release of core collecting, logging, and handling
procedures

Attached is a request from John Linehan, Section Leader,
Repository Projects Branch, Division of Waste Management for the
procedures under which the NNWSI project core, now in the USGS
core library, was collected and the procedures by which the NNWSI
project plans to obtain, log and handle core during site
characterization.

I have discussed this request with Jim Blalock and he
suggested that a formal request be sent to you.

Thank you for your consideration and if you have any
questions concerning this request, please contact King Stablein or
myself.

Yours truly,

Paul T. Prestholt
