

LAR:LB:WBC
Docket No. 27-7

Isotopes Specialties Company
Division of U. S. Nuclear Corporation
601 North Lake Street
Berbanc, California

Attention: Mr. Allen M. Goldstein

Gentlemen:

This will confirm information requested during your visit to this office March 2, 1961 in regard to your application for the transfer of the License No. 4-580-6 from Isotopes Specialties Company, Division of Nuclear Corporation of America, Inc., to Isotopes Specialties Company, Division of U. S. Nuclear Corporation.

In order to proceed with our consideration of your application it will be necessary for you to submit the following:

1. Specific information regarding the facilities and equipment to be available to Isotopes Specialties Company Division of U. S. Nuclear Corporation at 170 West Prebendia, Burbank, California.
2. A statement that all representations, procedures and statements contained in the renewal application submitted July 23, 1960 by Isotopes Specialties Company, Division of Nuclear Corporation of America, Inc., will apply to the activities proposed by Isotopes Specialties Company, Division of U. S. Nuclear Corporation, or a detailed statement of those which will apply.
3. The information requested in our letter dated December 2, 1960.

4. The minimum qualifications of training and experience in the use of radioactive material which will be recognized by the Isotopes Committee in designating the individuals under whose direct, personal supervision the waste disposal program will be conducted.

Sincerely yours,

James E. Mason, Chief
Isotopes Branch
Division of Licensing and
Regulation
