Gentlemen:

Reference is made to your application dated July 25, 1960, requesting renewal of Byproduct, Source and Special Nuclear Material License No. 4-580-6 issued to Isotopes Specialties Company, Division of Nuclear Corporation of America, Inc.

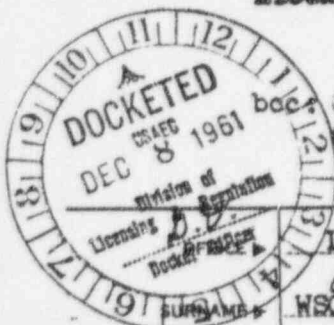

By letter dated January 13, 1961, from Allen M. In view of this development, you are requested to withdraw the application for license renewal dated July 25, 1960, and request termination of License No. 4-580-6. You are hereby notified that unless within thirty days from the date of this letter, we receive the indicated request for withdrawal of your renewal application and termination of the license or an indication of your desire to retain said license with detailed supporting information, we will consider the application as having been abandoned by you and License No. 4-580-6 terminated.

Sincerely yours,

Original Signed by
