Dear Mr. Felton:

Pursuant to the Freedom of Information Act, 5 U.S.C. 522, as amended, and 10 CFR 9.8 of the Commission's regulations, the Nuclear Information and Resource Service requests the following documents regarding the San Onofre Nuclear Generating Station, Units 1, 2 and 3. Please consider "documents" to include reports, studies, test results, correspondence, memoranda, meeting notes, meeting minutes, working papers, graphs, charts, diagrams, notes and summaries of conversations and interviews, computer records, and any other forms of written communication, including internal NRC Staff memoranda. The documents are specifically requested from, but not limited to, the Office of Inspection and Enforcement (I&E); Office of the Executive Legal Director (OELD); Office of Analysis and Evaluation of Operational Data (AEOD); Office of Nuclear Reactor Regulation (NRR); and the Operating Reactors Branches of the Division of Licensing. In your response, please identify which documents correspond to which requests below.

Pursuant to this request, please provide all documents prepared or utilized by, in the possession of, or routed through the NRC related to:

1. A mini-Performance Appraisal Team inspection conducted at SONGS starting the week of March 1, 1985; and
2. Fire protection deficiencies at SONGS.

In our opinion, it is appropriate in this case for you to waive search charges, pursuant to 5 U.S.C. 522(a)(4)(A) "because furnishing the information can be considered as primarily benefiting the general public."
