Dear Mr. Goetz:

In my letter to you dated January 23, 1996, concerning your Ion Mobility Spectrometry (IMS) Cell, I inadvertently did not include the two attachments with the letter. Therefore, I am enclosing with this letter the two missing attachments: Regulatory Guide 6.9, "Establishing Quality Assurance Programs for the Manufacture and Distribution of Sealed Sources and Devices Containing Byproduct Material," and the acceptable alternative to the quality control program specifications for distribution of exempt devices which are located on page C-4 of Regulatory Guide 6.9.

If you have any questions, please contact me at (301) 415-5723 or Mr. Douglas Broaddus at (301) 415-5847.

Sincerely,

/s/
