

January 15, 1997

Mr. Michael Youchak
Vice President
Youchak & Youchak, Inc.
932 West North Avenue
Pittsburgh, PA 15233

SUBJECT: NEW APPLICATION FEE

Dear Mr. Youchak:

On December 19, 1996, we sent a letter that notified you that your September 6, 1995 request for an amendment to NRC license No. 37-28607-01 had been voided because this license had been suspended for non-payment of fees. We stated that you needed to submit a request for a new license if you wanted to use your licensed material. We also indicated in our letter that no fee would be required for this new license. As you and I discussed in our January 14, 1997 telephone conversation, we were in error when we indicated that no new license application fee would be required. It is our policy that licensees who wish to resume operations following suspension of their license for non-payment of fees, and who did not demonstrate good cause for relaxation or rescission of the Suspension Order, must apply for a new license and pay the appropriate application fee. You indicated that you would submit the required fee. I apologize for any inconvenience this may have caused you.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be placed in the NRC Public Document Room (PDR).

Sincerely,

Original Signed By:

Francis M. Costello
