SUBJECT: LWR Standardized Plant Design Evaluation, Generic
Safety and Licensing Issues, Interim Report

Attached please find Revision 2 to the Interim Report, LWR Standardized Plant Design Evaluation, Generic Safety and Licensing Issues. This is a complete reprint of the report and should be inserted into the appropriate sections of the loose-leaf binders. Please discard the existing contents.

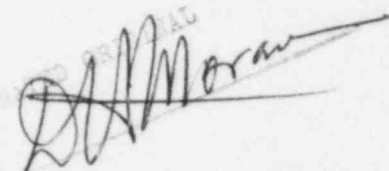

These updates reflect progress made on the EPRI/NRC cooperative program on regulatory stabilization during the past year.

We will be numbering each of the copies issued in order to keep our records straight.

Very truly yours,

Daniel M. Noble
Senior Program Manager
Advanced Light Water
Reactor Program
