COMPLAINT FROM [REDACTED]

SYMBOL: MI:LD

Attention: E. C. Outten

In response to Mr. Outten's memo route slip dated July 22, 1959, we arranged with a representative of the Division of Public Health of Missouri to obtain a water sample from the well of [REDACTED] in order to make a test of its radioactivity. We now have a letter from the State of Missouri providing us with the results of their analysis of a sample of water which they took. We believe this is the only necessary information in order to reply to [REDACTED] letter of complaint dated May 7, 1959.
