Attn: Mr. Charles Hillman

Gentlemen:

We are the licensee on import license No. ISNM79007 which allows for the import of spent fuel elements from British Nuclear Fuels on behalf of Japan Atomic Energy Research Institute.

Because of U.S. DOE's requirement that this fuel now be delivered to the Savannah River Plant rather than Idaho Falls, we now require approved route plans for the East Coast Ports of Portsmouth, VA and Wilmington, N.C.

Thank you for your continued assistance.

Very truly yours,

Norman Ravenscroft  
Vice President Operations
