Dear Leo,

Provided for your review are copies of the Preliminary Final Environmental Impact Statement (PFEIS) for the Durango Uranium Mill Tailings Remedial Action (UMTRA) Project site. Our July 9, 1985 transmittal to you provided Section 6 of the EIS, which included individual responses and resolution to issues raised by cooperating agencies and the public on the PFEIS.

We request that you provide any additional comments on the EIS within 30 days of receipt of the transmittal.

Simultaneous submittal of the PFEIS is occurring to the DOE Office of Environmental Compliance in Washington, D.C., with a request for approval to print the FEIS in late September 1985. Therefore, in order to incorporate any additional comment we request receipt of comments at the UMTRA Project Office by September 6, 1985. Thank you for your cooperation on this matter.

Sincerely,

  
John G. Themelis, Project Manager  
Uranium Mill Tailings Project Office
