IN RESPONSE REFER  
TO FOIA-85-629

Dear Ms. Bell:

This is in partial response to your letter dated September 10, 1985, in which you requested, pursuant to the Freedom of Information Act (FOIA), three categories of records related to notices and hearings for source materials licenses.

The records identified on enclosed Appendices A and B are responsive to categories one and two of your request.

Appendix A records are being placed in the NRC's Public Document Room (PDR) in file folder FOIA-85-629. Appendix B records have previously been made available for inspection and copying at the PDR. Access to these records may be acquired by referring to the accession number listed by each of these records.

During a telephone conversation with Maureen Moriarty and Nina Toms on September 24, 1985, you agreed a computer printout identifying current active source material licensees would be responsive to category three of your request. This printout will be placed in PDR file folder FOIA-85-629.

The staff is continuing to search for additional records related to your request. We will notify you as search and review are completed.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. M. Felton".

J. M. Felton, Director  
Division of Rules and Records
