TO FOIA-85-427

Dear Ms. Adato:

This is in final response to your letter dated June 11, 1985, in which you requested, pursuant to the Freedom of Information Act (FOIA), copies of documents related to the Brookhaven National Laboratory (BNL) report on the need for a nuclear safety board.

In my letter to you dated August 29, 1985, I informed you that the search for and review of documents that are subject to your FOIA request were continuing. The search now has been completed, and no additional documents were identified as being subject to your request.

This completes NRC action on your request.
