TASK FORCE ON REGULATORY  
REFORM

Mr. Nunzio J. Pallidino  
Chairman  
Nuclear Regulatory Commission  
1717 H Street N.W.  
Washington, D. C. 20555

Dear Mr. Chairman:

As Chairman of the Regulatory Reform Task Force, one of my first priorities is to issue a report showing the positive steps that have been taken at the major federal regulatory agencies over the past two years.

I would appreciate it if you would send me a brief statement on the areas which you consider to be your major accomplishments in improving the regulations of Nuclear Regulatory Commission issues, implements and oversees. Please provide the most specific data available pertaining to the regulatory changes you have implemented.

It would also be helpful if you could include any major changes in regulatory policy which you anticipate for the coming term. Please note that this is not strictly a "deregulation" task force but rather has been formed to review the effectiveness, benefits and shortcomings of major federal regulation.

Thank you very much for your time and consideration. I look forward to hearing from you.

Sincerely,

David Dreier  
Member of Congress
