MEMORANDUM FOR: Maureen Moriarty, Licensing Assistance Section  
FCMS, NMSS

FROM: John D. Kinneman, Chief, Nuclear Materials Section A

SUBJECT: EXPIRED LICENSE NO. 37-12144-01  
The J. E. Baker Company  
P. O. Box 1189  
York, Pennsylvania 17405

On October 30, 1984, a licensee representative, Mr. Ronald Downey, Manager, Safety & Environmental, was contacted and informed that License No. 37-12144-01 had expired on February 29, 1984 and that no renewal application had been received. The licensee representative explained that they have received and possessed licensed material, but now possess no licensed material and wish to have the license terminated. Licensed material was disposed of by transfer to Ohmrt Corporation, License No. 34-00639-01. This was confirmed in a letter from the licensee dated January 31, 1985.

Based on a review of the information supplied by the licensee and a review of the type and form of material authorized by the license, a close out survey by the licensee is not required and this license may be retired.

Based on the above information, we have retired License No. 37-12144-01. Please remove it from your active shelves.
