Dear Sir:

In accordance with the requirements of Section 32.20 of 10 CFR Part 32 the following is a summary of the sales for the past five years of the "GenProbe Mycoplasma Rapid Detection System," a radioactive (hydrogen-3) diagnostic kit manufactured by GenProbe and covered by the above distributor license. The catalog number for the kit is GP-1591.

1991	2162 kits distributed
1992	1996 kits distributed
1993	1236 kits distributed
1994	1096 kits distributed
1995	1139 kits distributed

The total for the five year period covered by this report was 7629 kits. Each kit contains 6 microcuries of H-3 (tritium) for a total of 45,774 microcuries of tritium distributed over the five year period.

A record is on file at this office which includes the name and address for each sale.

Sincerely,

Louis J. D'Angelo
