Re: Response to 7/2 deficiency call

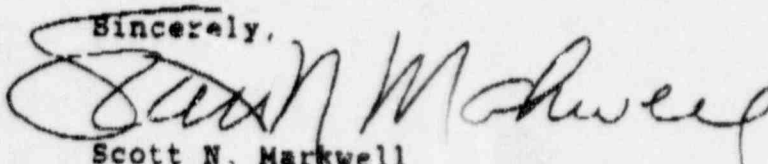

Dear Michelle:

In regards to our May 21st letter, Safenight would like to delete verbiage on page 11 4) e). The letter reads "method of opening/closing: hinged or snap-locked or screwed cover". We are withdrawing the verbiage "or screwed". Page 11, 4) Housing should now read

"method of opening/closing: hinged or snap-locked cover"

Thank you for your assistance.

Sincerely,

Scott N. Markwell
President

Dear Mr. Markwell:

This letter is in reference to registration certificate NR-1005-D-101-E, issued for the Model SN Series and PN Series smoke detectors. The certificate incorrectly referenced a model PN Series. This reference has been removed. In addition, the description section incorrectly stated that all models were battery operated. This statement has been removed. A copy of the certificate is enclosed. If you have any questions, please contact me at (301) 415-5868 or Mr. Douglas Broadus at (301) 415-5847.

Sincerely,
