Ms. Jane A. Axelrad, Director  
Enforcement Staff  
Office of Inspection and Enforcement  
U.S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Ms. Axelrad:

While I appreciate your kindness in furnishing me an NRC "organizational chart," on Monday, May 6, 1985, I must confess that the chart leaves me as unenlightened as ever. For example, is Mr. Dircks, Mr. Taylor's boss? What authority does Mr. Grace have? Neither you, nor Mr. Lieberman appear on this chart, nor do Mr. Abrams, Mr. Shomaker and Ms. Cuoco. Does Ms. Cuoco also work for Mr. Lieberman? Does Brad Jones work for Mr. Stohr, Mr. Uryc, Mr. Puckett or Mr. Lieberman? What is the chain of command? What does Mr. Cunningham have to do with all this; is he Mr. Lieberman's boss, or a coordinate officer?

These are only a handful of the questions left unanswered by the chart. If NRC has published additional organizational charts or other organizational materials in the Federal Register, pursuant to 5 U.S.C. § 522(a)(1)(A) and (B), or otherwise, I would deeply appreciate your furnishing me a copy.

Very truly yours,

Mozart G. Ratner
