Assistant Attorney General
Environmental Control Division
Office of the Attorney General
100 W. Randolph, 13th Floor
Chicago IL 60601

IN RESPONSE REFER
TO FOIA-85-438

Dear Ms. Rapkin:

This is in response to your letter dated June 13, 1985, in which you requested, pursuant to the Freedom of Information Act, all records regarding solicitations for preparation of environmental assessments and impact statements along with all contracts between the NRC and Argonne National Laboratory (ANL) in connection with the decommissioning of the Kerr-McGee Rare Earths facility in West Chicago, Illinois.

The enclosed appendix is a list of certain documents related to your request. Copies of these records are enclosed with this letter. Item 29 of this appendix is the agency's complete file for the contract between the NRC and ANL. No attempt was made to list the records maintained in this file separately as we are providing you with the complete file.

I have been advised by the staff of NRC's Region III office that the additional records subject to your request which are maintained at that office were made available to you during your recent visit there on July 1, 1985.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration
