Attention Isotope Extension, Division of Civilian Application

Gentlemen:

For your records we would like to inform you that, as of June 1, 1957, Dr. T. Brooks Metcalfe will replace Dr. Richard H. Hunt as Radiological Safety Officer for our laboratory. Dr. Metcalfe's record of training and experience is on file with your office in the correspondence relating to licenses No. 42-107-3 and No. 42-553-3 which were issued for use of byproduct material by authorized personnel in our laboratory. We feel that Dr. Metcalfe's experience in the field of radioisotopes signally qualifies him to serve in this capacity.

Very truly yours,

R. A. Bannister
