

September 11, 1996

Power City Plumbing & Heating Co.  
ATTN: Mr. Benny Battistelli  
2737 Chapline Street  
Wheeling, WV 26003

SUBJECT: NRC INSPECTION REPORT NO. C-4345/96-01

Dear Mr. Battistelli:

The NRC has reviewed the records of all formerly licensed sites for licenses that were terminated before 1985 to determine if the sites had been properly decommissioned. As a result of this review, the site described in License No. C-4345, Wheeling Tile Co., 3107 Eoff Street, Wheeling, West Virginia, was identified as a site which required further investigation to verify that it was properly decommissioned and met the current criteria for release for unrestricted use.

On August 13, 1996, the NRC completed an inspection at the former Wheeling Tile Co., site that was located at 3107 Eoff Street, Wheeling, West Virginia, to assess the current radiological status of the formerly licensed site. The enclosed report presents the results of that inspection, which were discussed with you on August 13, 1996, following the inspection.

During the inspection, records were reviewed, former Wheeling Tile Co. employees were interviewed, and direct observations of the site were made by the inspector. Based on those reviews, discussions and observations, we have determined that we have no further concerns regarding the radiological status of the Wheeling Tile Co. facilities that were located at 3107 Eoff Street.

If you have any questions regarding the inspection report, please contact Mr. Jay L. Henson, at (404) 331-0344.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be placed in the NRC Public Document Room.

Sincerely,

(Original signed by  
J. P. Potter)

John P. Potter, Chief  
Materials Licensing/Inspection Branch 2  
Division of Nuclear Materials Safety
