SUBJECT: CHANGE OF OWNERSHIP

This is in response to a letter dated November 22, 1996, signed by Allen R. Neel, Vice President of Black Warrior Wireline Corporation, which notified the Nuclear Regulatory Commission of the sale of stock of Dyna Jet, Inc., to Black Warrior Wireline Corporation. On November 25, 1996, a telephone conversation with Messrs. James and Sledge of Black Warrior Wireline Corporation, took place to further clarify the above letter.

Based on information furnished in the letter and by telephone, this appears to be an indirect license transfer under 10 CFR Part 30.34(b) in that there will be a transfer of control through the change of the ultimate ownership of Dyna Jet, Inc. (licensee) to Black Warrior Wireline Corporation. We understand that at this time the licensee corporation remains intact.

In reliance upon the information contained in the above referenced letter and telephone conversation, the Nuclear Regulatory Commission finds that the transfer is in accordance with the provisions of the Atomic Energy Act of 1954, as amended, and hereby gives its consent to same.

Sincerely,

A handwritten signature in cursive script that reads "Anthony D. Gaines".

SUBJECT

Change of Ownership for Dyna Jet, Inc.

LIC# 49-17724-01 Doc # 030-13233

SUMMARY

During Bill Radcliffe's inspection of Dyna Jet, Inc. on 11/20/96, Bill discovered that a change in ownership had occurred. Therefore, I had faxed Dyna Jet, Inc. + Black Warrior Wireline Corp. personnel a copy of Information Notice 89-25 + asked them to respond to the questions in the notice. We received a response dated 11/22/96 from Black Warrior Wireline Corp. Item 5 was confusing so I called for clarification. In particular, I asked Mr. Sledge (their lawyer) was Dyna Jet, Inc. still a corporation, he said at this time it was still a corporation and it would stay that way until they merged it into "Boone Wireline Co., Inc.", in about 25 days. I explained that since it was still a corporation that right now we did not have an amendment change, that with their answers to the 89-25 Notice we could send them an approval letter. However, I told Mr. Sledge + Mr. James that before the merger takes place, they need to come in for an amendment to change the Name. They asked how much lead time I needed. I said about 20-30 days before the event. They said that would be no problem, that they would have it in by then.
