Dear Mr. Cunningham:

Thank you for the May 2, 1966 reminder that our specific license No. 42-553-5 authorizing limited usage of carbon 14 as a tracer at our Norco, Louisiana plant will soon expire. We have not utilized this license to date and will not renew it at this time. If a future need arises we will submit a new application. We have a State of Texas Broad Type Radioactive Materials License for research and development (No. 4-274) which expires August 31, 1967.

Yours very truly,

H. A. Kingsley
