In the Matter of
CLEVELAND ELECTRIC ILLUMINATING COMPANY, ET AL.
(Perry Nuclear Power Plant, Units 1 and 2)
Docket Nos. 50-440 OL, 50-441 OL

Dear Administrative Judges:

For your information, I am forwarding to you recent correspondence in which Cleveland Electric Illuminating Company agrees to fully comply with the Commission's response to the remand by the U.S. Court of Appeals in GUARD v. NRC, 753 F.2d 1144 (D.C. Cir. 1985) regarding 10 CFP § 50.47(b)(12).

Sincerely,

Colleen P. Woodhead
Counsel for NRC Staff

U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Perry Nuclear Power Plant
Docket Nos. 50-440; 50-441
Interim Guidance on Emergency
Planning Standard 10CFR50.47(b)(12)

Dear Mr. Youngblood:

Your letter dated June 26, 1985 requested that we:

1. Confirm that offsite emergency plans include a list of local or regional medical facilities which have capabilities to provide treatment for radiation exposure, and
2. Commit to full compliance with the Commission's response to the GUARD remand.

The PNPP Emergency Plan and the Ohio State Emergency Plan (Figure II-L-2) do include lists of local and/or regional medical facilities which have the capability to provide treatment for radiation exposure. Additionally, PNPP commits to full compliance with the Commission's response to the GUARD remand.

Furthermore, we would point out that the record established in the recently concluded evidentiary hearing on Issue 1 in the PNPP ASLB proceeding demonstrates that the offsite emergency plans for the Perry Nuclear Power Plant meet the interpretation of Emergency Planning Standard 10CFR 50.47(b)(12) adapted by the U.S. Court of Appeals in the GUARD decision. Arrangements are in place with hospitals in Lake, Ashtabula and Geauga Counties which would be adequate to handle the numbers of contaminated, injured and radiation exposed persons which could occur from a postulated accident at Perry.
