MEMORANDUM TO: David L. Morrison, Director
Office of Nuclear Regulatory Research

FROM: Bill M. Morris, Director
Division of Regulatory Applications *Original Signed by*
Office of Nuclear Regulatory Research

SUBJECT: EFFECTS OF LOW-LEVEL RADIATION

Recently the subject of risk from low-level, low LET radiation has been the subject of much controversy and discussion. The attached memorandum from Dr. Shlomo S. Yaniv, of my staff provides information on the subject that might be of interest to you.

Attachment: As stated
