BRANCHNRC STAFF REQUEST FOR EXTENSION
OF TIME TO FILE RESPONSE TO APPLICANTS'
MOTION FOR SUMMARY DISPOSITION OF CONTENTION 14

On July 31, 1985, Applicants filed a motion requesting summary disposition of Joint Intervenor's Contention 14, regarding the reliability of the TDI emergency diesel generators. In order to respond to this Motion, Staff will require an extension of time until September 23, 1985, for the following reasons.

First, the NRC Staff members who will be required to review this matter are away from the office on annual leave, and will be out of the office for the next two weeks. Second, the Staff's review will require an evaluation of several extensive reports, and may necessitate that the Staff engage outside consultants to assist in our review. These factors compel the Staff to require an extension of time of four weeks, until September 23, 1985, in which to respond to Applicants' motion.
