

AUG 14 1985

Docket Nos.: 50-440
and 50-441

Mr. Murray R. Edelman, Vice President
Nuclear Operations Group
The Cleveland Electric Illuminating Company
P. O. Box 5000
Cleveland, Ohio 44101

Dear Mr. Edelman:

Subject: Process Control Program for the Radwaste Solidification System
to be Utilized in the Perry Nuclear Power Plant (Units 1 and 2)

Your letter dated August 1, 1985 submitted the subject program, as required by Technical Specifications and 10 CFR 50.34(a), for staff review, in response to my letter dated July 11, 1985. The staff has reviewed your submittal and finds that the process control program provided with your letter does not reflect the NUS mobile solidification system planned but essentially addresses the UNI system which you indicate will not be utilized at Perry. Please provide the correct program description for the staff's review.

Sincerely,
Original signed by:
B. J. Youngblood
