Gentlemen:

This refers to the inspection being conducted by L. A. Vandell of this office during the period July 1-August 31, 1985, of activities authorized by NRC Operating License DPR-40 for Fort Calhoun Station, and to the discussion of our findings with a member of your staff.

Areas examined during the inspection included design changes and drawing control. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector.

During this inspection, it was found that certain of your activities were in violation of NRC requirements. Consequently, you are required to respond to this violation, in writing, in accordance with the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed with this letter.

Details of this inspection will be included in a report to be issued in the near future and identified as NRC Inspection Report 50-285/85-15.

The response directed by this letter and the accompanying Notice is not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed By
E. H. Johnson
